

Central Marine Logistics, Inc.

Hello again. I hope everyone is enjoying the winter layup break. I want to thank everyone for a very good season last year, despite the Sykes shutting down so early. The Block people did an exceptional job handling slag cargos in very challenging weather. The Sykes people had a lot to deal with last season and I am pretty sure you are all really excited to get back to work.

Because we can't load at Escanaba this spring, we are timing the Spring Meeting and Fit Out of the Block with the opening of the Soo Locks. For the first time I can remember, the meetings won't be on the weekend.

The Spring Meeting will be from Monday, March 19th to Wednesday, March 21th in Sturgeon at the Leatham Smith Lodge. Fit out on the Block will begin on the 22nd, so we will move the Block people to the boat after the meetings & dinner that day.

Here is my working draft agenda. Times and speakers will be adjusted. All training will commence at the Lodge. Please see the type of meeting to see if you need to attend.

Block Engine & Galley employees will stay on the boats. Block Deck, all Sykes, and extra employees will stay at the Lodge.

Feel free to call me if you have any questions.
